

Germany 2019

Every year children from year 5 travel to Germany to visit our partner schools 'Mittelschule' and 'Killian' in a beautiful town called Scheßlitz in the Bavarian countryside.

Mittelschule Killian

Our children share classroom activities and outdoor pursuits with the German children whilst practicing their spoken German which they learn in year 5.

The German's are wonderful hosts, even the parents get involved by making a delicious homemade meal for our children every evening.

The region has lovely forests for our children to explore and even has its own castle.

In May, we play host to the German children when they visit us for a week. We enjoy showing our visitors all the things Charlton Manor has to offer. Our school is very high tech compared to the German schools in this Bavarian region. We are particularly fortunate to have a radio station and sensory room which our visitors think are brilliant. Not to mention our very own Tardis.

We also have regular teacher exchanges throughout the year which is a great opportunity for both sides to share teaching styles and ideas.

We look forward to all the exciting visits in 2020.
