

## *Opal Coast France 2019*

Our Annual trip to France took place in April when twenty year 3 and year 4 children had the opportunity to brush up on their French, whilst sampling the delights of this beautiful region.

Year 3 and 4 learn French as part of the curriculum. We think there is nothing more valuable when learning a foreign language than visiting a country that predominately speaks that language. The children gain an understanding of the importance and benefits of learning foreign languages.

As with many Charlton Manor activities food was at the heart of it all.

The children were set tasks including buying food in a market speaking only in French, making crepes and learning about bees at the fantastic bee museum. We keep bees at school so this was really useful.

This trip is always full to the brim with activities which all take place around the coast and countryside.

We look forward to our next visit in April 2020.
