

China 2018

In 2017 twenty two children and two teachers travelled all the way from China to visit our school. It was the first time they had visited England. This was a wonderful opportunity for children from very different cultures to learn from each other and to share experiences.

The visiting children thought our children and staff were very friendly and kind and they all enjoyed the visit immensely.

Our children worked alongside our visitors practicing the ancient Chinese art of calligraphy.

This summer children from China will visit our school once again. They will work alongside our children learning about our different cultures and sharing stories of what life is like growing up in London compared with Chengdu and other regions of China. We look forward to welcoming our guests and learning more about this fascinating country.

In the autumn staff from our school will travel to China to visit schools in different provinces and learn about the Chinese educational system.
